

STERI-PLAS PTY LTD ENVIRONMENTAL POLICY

STERI-PLAS PTY LTD manufactures Injection Blow Moulded plastic bottles designed for Pharmaceutical and Personal Care products.

It is the policy of STERI-PLAS PTY LTD to ensure that, by establishing a safe work place and implementing safe work practices, the environment is not disturbed.

STERI-PLAS PTY LTD will ensure that:

- All environmental legislation is complied with.
- Any significant adverse environmental impacts on new plant and/or work practices are minimised.
- Environmental performance evaluation procedures and indicators are developed.
- Pollution is prevented and waste reduced by recycling.
- All employees are encouraged to contribute to environmental protection.
- Information and experience on environmental practices be made available to all interested parties.
- All employees receive appropriate training and education on environment issues.
- All products are designed and constructed to minimise any adverse impact on environment.
- * The company suppliers and contractors are encouraged to adopt the concept of an Environmental Management System.

Employees should comply with all statutory requirements and established workplace procedures and cooperate in all activities designed to protect the environment.
