

STERI-PLAS PTY LTD QUALITY POLICY

STERI-PLAS PTY LTD manufactures Injection Blow Moulded Plastic containers specifically designed for Pharmaceutical and Personal Care Products.

It is the policy of Steri-Plas Pty Ltd to provide its customers and suppliers 100% satisfaction with products and service, which fulfil their specified requirements and are fit for their intended purposes.

Steri-Plas aims to be fully competitive in terms of price and delivery as well as superior in terms of quality when compared with other designers/competitors. We are committed to continual improvement and effectiveness of our management system by use of the following principles applied throughout the company:

- Full commitment and a "team" approach of all employees to the Quality Policy, allied to an active involvement in the continual business process and product improvement.
- The understanding by all employees of the long-term importance of achieving customer satisfaction by providing a consistent high quality of products and services.
- Applying suitable monitoring, measurement and controls at each stage of the business and product processes which will achieve consistent product and service quality.

A company-wide Business Management System is in operation, is maintained and improved based on the International Standard ISO 9001:2008. Compliance to this Quality Policy is fundamental to all functions of STERI-PLAS PTY LTD and all personnel are required to support it in all they do.
